Dear Mr. Ichrata,

The San Gabriel Mountains Community Collaborative supports the application submitted by the Southern California Association of Governments (SCAG) in collaboration with the Watershed Conservation Authority (WCA) for a Monument Access Plan Study.

The Collaborative believes that the planning process is critical to the success of the Monument and will provide great benefit to Southern California communities. Furthermore, the Collaborative requests representation and a partnership role with the SCAG and WCA that includes members of the Collaborative from the North and South slopes and the gateway cities.

Sincerely,
