### 2016 CFLR Program Site Visit Summary and Practitioner Primer Now Available

In the fall of 2016, U.S. Forest Service Washington Office staff and partners had the opportunity to visit seven of the 23 CFLR project landscapes and interact with regional and local staff and partners to validate progress, understand and address challenges, captures best practices and lessons learned, and gather input about how we will sustain our efforts together. Learn more about crosscutting themes and observations from these site visits and check out advice, best practices, and resources identified through these site visits.
